# RIBA ASSESSED CPD SEMINARS

Silent Gliss are an authorised network provider of RIBA CPD assessed material. Benefit from over 65 years experience in shading commercial and residential buildings, our team of experienced CPD trainers will deliver our **core curriculum** modules either live online or at your practice (where permitted).

## SOLAR SHADING IN MODERN INTERIORS

Solar Shading plays an increasingly important role in managing and controlling solar gain in buildings, with economic, environmental, legislative implications as well as impacting on occupant comfort. Understand all aspects of solar control including;

- Solar protection in the workplace, including European legislation.
- A review of commonly used shading systems and screen fabrics.
- The considerations when specifying window treatments.

## SMART SHADING CONNECTED HOMES

The rapid growth in smart technology impacts on how we live. Homes are becoming smarter, integrating products and services including curtains and blinds. Understand the benefits of Smart Shading in residential projects.

- Explore the control options when shading connected homes.
- Understand the considerations when specifying Smart Shading.
- Review the commonly used motorised Smart Shading systems
